- (7) U.S. Patent application Serial No. 08/714,754, filed on September 16, 1996.

Assignor hereby sells, assigns, transfers and conveys to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to said patent and patent applications, and any continuation, continuation-in-part, divisional and substitution applications related thereto, and in and to any applications for said invention or improvements which may be filed in any country foreign to the United States (including European patent application No. 92311109.0, filed on December 4, 1992, Australian patent application No. 79558/94, filed on September 16, 1994, Canadian patent application No. 2172630, filed on September 16, 1994, European patent application No. 94930447.1, filed on September 16, 1994, Japanese patent application No. 7-511062, filed on September 16, 1994, International patent application No. PCT/US97/00176, filed on January 7, 1997 and

International patent application No. PCT/US97/00269, filed on January 7, 1997), and in and to any and all Letters Patents that may be granted upon such applications, and any reissues or extensions thereof, and all of Assignor's rights under the International Convention for the Protection of Industrial Property and any other treaty relating to intellectual property.

Assignor further hereby covenants and agrees to cooperate with Assignee, its successors, legal representatives and assigns, in order to enable Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by Assignor shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by Assignee (a) for perfecting in Assignee the entire right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional application(s) covering said invention(s); (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention(s); and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expenses incurred by Assignor in providing such cooperation shall be paid for by Assignee.

Assignor further agrees that the terms, covenants and conditions of this assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, its successors, legal representatives and assigns; and

Assignor agrees to recording of this Assignment in the United States Patent and Trademark Office.

IN WITNESS WHEREOF, Assignor has executed and delivered this instrument to Assignee, this 6TH of MAY, 1997.
